Time taken 8 mins 19 secs  Complete  Complete  Market and of 1.00  Third-party packages can be install/update/delete using		
Time taken 8 mins 19 secs  Question 1 Complete Marked out of 1,20  Third-party packages can be install/update/delete using  a. Node-exe b. Medule exports c. Node Package Manager d. REPL  The correct answer is: Node Package Manager  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block and a single statement d. block that contains a single statement d. block that contains a single statement The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  which tag descriptive list starts  a. & Alt;DL&Qt b. & & DDQt; c. & & DDQSC; c. & & DQSC; c. & DQSC		
Complete Marked out of 100  Third-party packages can be install/update/delete using  a. Node-exe b. Module.exports c. Node Package Manager d. REPL  The correct answer is: Node Package Manager  In JavaScript, what is a block of statement? a. b. b. conditional block and a single statement b. Conditional block and a single statement d. b. Conditional block and a single statement d. b. Conditional block and a single statement The correct answer is: block that combines a number of statements into a single compound statement Country  The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  Accomplete  Marked out of 100		
Complete Marked out of 100  Third-party packages can be install/update/delete using  a. Node-exe b. Module exports c. Node Package Manager d. REPL  The correct answer is: Node Package Manager  Ousdon 2  Complete Marked out of 100  In JavaScript, what is a block of statement? a. both conditional block and a single statement b. Conditional block c. block that contains a single statement d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Courten 3  Complete Marked out of 100  From which tag descriptive list starts  a. &ltDL> b. &ltDD> c. &ltDA>	Time taken	8 mins 19 secs
Third-party packages can be install/update/delete using	Question 1	
Third-party packages can be install/update/delete using	Complete	
a. Node.exe b. Module exports c. Node Package Manager d. REPL  The correct answer is: Node Package Manager  Ouestion 2  Complete  Marked out of 1.00  In JavaScript, what is a block of statement? a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Ouestion 3  Complete  Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>	Marked out of 1.00	
<ul> <li>b. Module exports</li> <li>c. Node Package Manager</li> <li>d. REPL</li> </ul> The correct answer is: Node Package Manager  Ouestion 2 Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement  b. Conditional block and a single statement  c. block that combines a number of statements into a single compound statement  d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Cuestion 3 Cuestion 3 Cuestion 3 Cuestion 3 Cuestion 4 Cuestion 3 C	Third-party packag	es can be install/update/delete using
Cuestor 2 Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that combines a number of statements The correct answer is: block that combines a number of statements into a single compound statement  The correct answer is: block that combines a number of statements into a single compound statement  Ouestier 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dl> c. <dd> c. <db> c.</db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></db></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dd></dl></dl>	a. Node.exe	
Cuestor 2 Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that combines a number of statements The correct answer is: block that combines a number of statements into a single compound statement  Couestor 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dl> c. <dd> c. <dd> c. <dd> c. <dd> c. <dd></dd></dd></dd></dd></dd></dl></dl>	b. Module.ex	ports
Counsison 2 Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement The correct answer is: block that combines a number of statements into a single compound statement  Ouestion 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. & lttpL> b. & lttpD> c. & &ltDD> c. & &ltdDB> c. & &ltdB> c. & &ltdB		
Cycestion 2 Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block a. c. block that combines a number of statements into a single compound statement d. block that contains a single statement The correct answer is: block that combines a number of statements into a single compound statement  Cycestion 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. & & lt;DL> b. & & lt;DD> c. c. & & lt;DD> c. c. & lt;DD>		
Complete  Marked out of 1:00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement The correct answer is: block that combines a number of statements into a single compound statement  Question 3  Complete  Marked out of 1:00  From which tag descriptive list starts  a. & Alt; DL> b. & Alt; DD> c. c. & Alt; DD>		
Complete Marked out of 1.00  In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Question 3  Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>	The correct answer	is: Node Package Manager
In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Cuestion 3  Complete  Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>		
In JavaScript, what is a block of statement?  a. both conditional block and a single statement b. Conditional block c. block that combines a number of statements into a single compound statement d. block that contains a single statement  The correct answer is: block that combines a number of statements into a single compound statement  Question 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>		
<ul> <li>a. both conditional block and a single statement</li> <li>b. Conditional block</li> <li>c. block that combines a number of statements into a single compound statement</li> <li>d. block that contains a single statement</li> </ul> The correct answer is: block that combines a number of statements into a single compound statement Question 3 Complete Marked out of 1.00 From which tag descriptive list starts <ul> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> <li>c. &lt;DS&gt;</li> </ul>	Marked out of 1.00	
<ul> <li>a. both conditional block and a single statement</li> <li>b. Conditional block</li> <li>c. block that combines a number of statements into a single compound statement</li> <li>d. block that contains a single statement</li> </ul> The correct answer is: block that combines a number of statements into a single compound statement Question 3 Complete Marked out of 1.00 From which tag descriptive list starts <ul> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> <li>c. &lt;DS&gt;</li> </ul>	In Java Carint what	is a black of statement?
<ul> <li>b. Conditional block</li> <li>c. block that combines a number of statements into a single compound statement</li> <li>d. block that contains a single statement</li> </ul> The correct answer is: block that combines a number of statements into a single compound statement Question 3 Complete Marked out of 1.00 From which tag descriptive list starts <ul> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> </ul>	in JavaScript, what	is a block of statement?
<ul> <li>c. block that combines a number of statements into a single compound statement</li> <li>d. block that contains a single statement</li> <li>The correct answer is: block that combines a number of statements into a single compound statement</li> <li>Question 3</li> <li>Complete</li> <li>Marked out of 1.00</li> <li>From which tag descriptive list starts</li> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> </ul>	a. both cond	itional block and a single statement
<ul> <li>d. block that contains a single statement</li> <li>The correct answer is: block that combines a number of statements into a single compound statement</li> </ul> Question 3 Complete Marked out of 1.00 From which tag descriptive list starts <ul> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> <li>c. &lt;DS&gt;</li> </ul>		
The correct answer is: block that combines a number of statements into a single compound statement  Question 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>	c. block that	combines a number of statements into a single compound statement
The correct answer is: block that combines a number of statements into a single compound statement  Question 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>	d. block that	contains a single statement
Question 3 Complete Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>		
Complete  Marked out of 1.00  From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>	The correct answer	is: block that combines a number of statements into a single compound statement
From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>		
From which tag descriptive list starts  a. <dl> b. <dd> c. <ds></ds></dd></dl>		
<ul> <li>a. &lt;DL&gt;</li> <li>b. &lt;DD&gt;</li> <li>c. &lt;DS&gt;</li> </ul>	Marked out of 1.00	
<ul><li>b. &lt;DD&gt;</li><li>c. &lt;DS&gt;</li></ul>	From which tag de	scriptive list starts
○ c. <ds></ds>	a. <dl&gt< th=""><td></td></dl&gt<>	
	○ b. <dd&g¹< th=""><td>;</td></dd&g¹<>	;
○ d. <ll></ll>		
	d. <ll></ll>	

The correct answer is: <DL&gt;

Question 4
Complete
Marked out of 1.00
Node.js application can access which of the following databases?
a. Relational databases
○ b. None of the above
○ c. NoSQL databases
<ul><li>d. All of the above</li></ul>
a. All of the above
The correct answer is: All of the above
Question 5
Complete
Marked out of 1.00
Which of the following core module is used to create a web server in Node.js?
○ a. url
O b. Fs
○ c. connect
The correct answer is: http
The correct answer is. http
Question <b>6</b>
Complete
Marked out of 1.00
Something that happened in our application that we can respond too.
a. Procedures
○ b. Actions
© c. Events
○ d. Functions

Quiz: Attempt review

The correct answer is: Events

11/22/21, 8:07 PM

The correct answer is: True

11/22/21, 8:07 PM Quiz: Attempt review

▼ Ex 8:- Prepare an Analysis report of the existing web application codes considered from online repository like GITHUB. Reports must include errors, issues and scope for improvement Modify/Update/Add suitable functionality.
